## What is Watchmen on the Wall?

Watchmen on the Wall is designed to educate and equip believers by providing them with a Biblical framework for understanding and accurately communicating issues regarding Israel, past and present. The program is a valuable tool that enables intercessors to pray more effectively for the issues facing the land and people of that nation, and to speak up knowledgeably about Israel and the Middle East.

## Watchmen on the Wall Seminars

A primary focus of the Watchmen on the Wall study/prayer program is a series of seminars held in various regions of the U.S. and some other nations. Seminars are scheduled according to popular demand and requires a minimum of 35 attendees.

Each attendee is given a manual in binder form containing curriculum written by knowledgeable and seasoned Christian leaders who have a heart for Israel. The material is presented during the lively seminar workshops, where current events and relevant video clips are interspersed throughout.

Your participate in Aglow's Watchmen on the Wall study/prayer program will include:

- The two-day seminar attendance
- The opportunity to be "commissioned" as a Watchman on the Wall in a special ceremony in Israel
- Regular prayer points for Israel
- Conference calls to help you pray strategically
